EXPERIENCE

FREELANCE DESIGNER & ANIMATOR
2017- Present

For the past few years, I have taken on various freelance creative projects on the side while working full-time as a pipe welder. I have designed, illustrated, and animated for a variety of clients in the Philadelphia and NYC areas. I have created social posts, logos, event flyers, T-shirt designs, and illustrative works for Draper James, Philadelphia Women's Rugby, the Less Hearn family, the Habaneros, Camp Sparklemotion, and more.

FREELANCE VJ
2017- 2019

For a few years, I flexed my motion graphics skills by working as a visual graphics designer and performer ("VJ") for various Philadelphia nightclubs and events. For these jobs, I designed & created abstract visuals, animated graphics & logos, and edited film. I would then display and perform live these visuals on L.E.D screens behind DJ performances. Clients included District N9ne, Warehouse on Watts, Unlocked Presents Battle Ship, and Vortex.

SCREEN PRINTER & APPAREL DESIGNER
2016 - Present

I've had recurring work concepting, illustrating, designing, and screen printing clothing for a variety of clients in the Philadelphia area.
